### Finalize Roster Confirmation

If you click confirm, expired contracts will no longer appear on this page, and your franchise tag will be officially placed on the currently selected player and will not be able to be removed. If no player is selected, the franchise tag will go un-placed (you will not have the option to use it later). You will also no longer be able to apply a rookie option to anyone.

**CONFIRM** **CANCEL**

To confirm your selection of Finalizing your roster, do so by clicking the red Confirm button.

# Confirmation again

To confirm your roster, the league site will ask you again, if you are sure you want to do this. If you are ready (rookie options completed, Franchise tag applied), then click the red Do It button
